CSM Filled Outline-dft 120610.docx

OK - so here is a very very very rough draft. All I did was drop Eugenia's write-up into mine, without any editing. I'll need to put together examples of the figures I'd like to use when I get back into the office later this week.

I was looking forward to helping you guys with this project, so it doesn't have to be perfect, just cut and paste Eugenia's portion and I'll review it along with you.

OK - then I'd like a chance to incorporate that into what I have and send it back to you for a read through, which means that Ray won't see it until mid-Dec.

You may already have it. It's a good basis for our CSM of the LPR...
